Identified Mayor and Council role as policymakers and support function. <p><b>2. Library Parking Status Report – Mary Sanchez, Pima County Library, and Chris Leighton</b> <i>Mary Sanchez, a Main Library children's librarian, discussed the need for more than one hour free validation for children's program customers. Chris Leighton, ParkWise, advised that current validation program expenses are under the \$3,000 per month budget. The Subcommittee directed ParkWise to work with the Main Library to expand the validation for children's program yet stay within budget. They also agreed it was acceptable to explore an adult programming validation for an additional hour, but only if use can be limited to legitimate/intended purpose and costs do not exceed the \$3,000 per month limit. An off-agenda memo will be provided to the full Mayor and Council advising them of this exception, and the Subcommittee will review the program again in 6 months.</i></p>	<p><b>ParkWise responsible</b></p>
